

### Destination Dignity - Sponsorship Application

Destination Dignity provides a chaperoned opportunity for community integration to individuals with disabilities/disorders and receiving assistance from TCC to improve their lives. These individuals are spotlighted through this special event, which is inclusive of their peers. The event is awaited with excitement, by the invited population and their support systems, because of the joy it has previously brought to the community. This, now expected, communal occasion also helps community partners to support these individuals who are most vulnerable and in need.
